Complete with a guide to using Mail Order, gathering your forces has never been easier.

THE ORC AND GOBLIN ARMY

The Orc and Goblin army is a savage horde consisting of a wide range of frightening monsters and destructive war machines such as bloodthirsty Trolls and suicidal Goblin Doom Divers. They might not be the most clever lot on the battlefield but their aggression and strength of numbers easily make up for it.

The typical Orc and Goblin tactic is to charge into battle whilst shouting "Waaagh!" at the top of their voices, overwhelming the foe with sheer ferocity and weight of numbers. It is a tactic that works suprisingly well and enemies who escape the mad onslaught unharmed can consider themselves very lucky indeed.
